# It's getting harder to keep up

**See George's story:**

George sells trade supplies  
in Capalaba, QLD

**Change**

**THE  
RULES**

**FOR WORKING  
PEOPLE**

**“It’s getting harder to keep up. We have a lot of debt and not enough work. People can’t afford the basics, let alone afford the odd luxury now & then.”**

**George sells trade supplies in Capalaba and has been struggling to keep on top of debts and find enough work.**

The cost of everything is going up and up, but wages just aren’t keeping up. And people are just trying to keep their head above water.

Meanwhile, big business increased their profits by 40% and a third don’t even pay tax.

We have to Change the Rules so people like George can have basic rights and good standard of living.
